Dear Sir,

I am writing to ask that the Microsoft Antitrust battle be put to an end as soon as possible. In my opinion (as well as the majority of the public), this suit has been a witch hunt driven by Microsoft's industry competitors from the start. Illegal monopolistic action can not be assumed simply because of a high market share. There was no proof of anti-competitive action, unless you believe striving to be #1 in an industry is necessarily anti-competitive. The only organization in this country that has been thwarting competition is the federal government. Please take action to discontinue this charade immediately.

Sincerely,

Matt Jones
